What are the admissions deadlines for SUTD?	"As an ambassador for SUTD, I would be happy to provide you with the admissions deadlines for the university. The admissions deadlines for SUTD are as follows: Round 1: 31 October Round 2: 15 January Round 3: 15 March Round 4: 15 May It is important to note that these deadlines are subject to change and it is always best to check the SUTD website for the most up-to-date information. Additionally, SUTD offers a rolling admissions process, which means that applications will be reviewed on a continuous basis after the final deadline of 15 May. This means that students who apply after the final deadline may still be considered for admission, depending on the availability of spaces in the programme. I hope this information is helpful to you. If you have any further questions about the admissions process at SUTD, please do not hesitate to ask."	<pre>"sources": [{ "page_content": "10:22 am In Thank you for your interest. Yes, SUTD accepts applications from international students. You may wish to refer to our website for more information on the admission criteria." Is there financial aid available?	"Yes, financial aid is available for students at the Singapore University of Technology & Design (SUTD). SUTD offers a range of financial aid options, including scholarships, loans, and grants, to support students who may need assistance with financing their education. The SUTD Scholarship is awarded to outstanding students based on their academic achievements and potential to contribute to the university's community. This scholarship covers tuition fees and provides a stipend to help with living expenses. The Student Loan Scheme (SLS) is offered by the Singapore government to help students finance their education. The SLS provides loans to eligible students to cover their tuition fees, as well as other educational expenses such as books and transportation costs. In addition to these scholarships and loans, SUTD also offers bursaries and grants to students who may be facing financial hardship. These bursaries and grants are awarded on a needs-basis and are designed to help students who are struggling to cover the costs of their education."	<pre>"sources": [{ "page_content": "to help students with the financing of their studies at SUTD, after taking into account all the financial aid and support granted. "What is the minimum score for the Mother Tongue Language?"	"As an ambassador for the Singapore University of Technology & Design (SUTD), I would like to inform prospective students that the minimum score required for the Mother Tongue Language (MTL) may vary depending on the specific programme and level of study (in)for undergraduate programmes. SUTD generally requires a minimum of B or higher for MTL. However, this may differ for specific programmes or if the student has taken additional MTL programmes in their secondary education (in)for postgraduate programmes, the minimum score required for MTL may be higher, as it is one of the factors considered during the admission process. (in)It is important to note that while MTL is an important factor in the admission process, it is not the only criterion used to evaluate applicants. Other factors such as academic performance, relevant work experience, and personal statements may also be taken into consideration (in)if you are interested in applying to SUTD, I would encourage you to review the admission requirements for your specific programme of interest and to reach out to the university's admissions office for further clarification on the minimum MTL score required."	<p>"sources": [</p> <p>"page_content": "to the admission requirements below and apply using this application form and the Mother Tongue Language (MTL) (in)Singapore Citizens and Permanent Residents are required to fulfil the MTL requirement for admission into full-time publicly-funded undergraduate programmes in the universities (in)The MTL requirement may be fulfilled through the following (in a D7 grade for Higher MTL at Singapore Cambridge GCE O-Level (the IGCSE MTL First Language examination",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg/Admissions_Undergraduate_Application_Admissions_Requirements_NUS_High_School_Diploma.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "are applying for admission to SUTD's undergraduate degree programme (in)have outstanding Singapore Cambridge GCE A Level, Local Polytechnic Diploma, NUS High School Diploma, IB Diploma or Year 12 equivalent qualifications (in)to have a passion for technology and design (in) As a special concession, the Scholarship may also be awarded to Singapore Permanent Residents or International Students who have demonstrated exceptional and outstanding achievements (in BENEFITS OF",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg/Admissions_Undergraduate_Scholarship_SUTD_Undergraduate_Merit_Scholarship.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "Diploma (in)NUS High School Diploma (in)International Baccalaureate Diploma (Singapore) (in)International Qualifications (in) As admission to the University is competitive, do note that satisfying the minimum requirements is often not enough to be competitive for selection (in)The selection will be based on merit and a comprehensive review as outlined above. "Do I require reference letters?"	"As an ambassador for the Singapore University of Technology & Design (SUTD), I can confirm that SUTD does not require reference letters for admission. However, we do require a personal statement and a resume/CV as part of our application process. The personal statement is an opportunity for you to showcase your interests, experiences, and motivations for pursuing a degree at SUTD. The resume/CV is a document that outlines your academic and work history, as well as any other relevant experiences. While reference letters are not required, we encourage you to reach out to your teachers, mentors, or supervisors to ask for a letter of recommendation if you feel it will strengthen your application. These letters can provide additional insight into your character, work ethic, and potential as a student. Overall, the admission process at SUTD is designed to evaluate each applicant's individual strengths and qualifications, so you can determine if you have the attributes to flourish in SUTD. The conversation for selected candidates) with our faculty leader will also provide SUTD with additional information to assess if you are a good fit."	<p>"sources": [</p> <p>"page_content": "and if you have the attributes to flourish in SUTD (in)The minimum requirements (in)Find out more about the minimum academic requirements for admission for the qualification you are applying under here (in)Singapore Cambridge GCE A-Level (in)Local Diploma (in)NUS High School",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg/Admissions_Undergraduate_Application_Admission_Requirements.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "Service (in)SUTD Share (in)Information For (in)Prospective Student (in)Student (in)Alumni (in)Parent (in)Faculty (in)Staff (in)Partner (in)Privacy Statement (in) Home (in)Privacy Statement (in) Make in this section (in) About (in) Overview (in) Collaborations (in) People (in) Achievements (in) Happenings (in) Publications (in) Contact (in) Us (in) Admissions (in) Undergraduate (in) Graduate (in) SUTD Academy (in) CET (in) 42 Singapore (in) Education (in)",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg_Privacy_Statement.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "In Singapore University of Technology and Design (SUTD) (in) SUTD Hours And Research Programme (SHARP) (in) SUTD (in) About (in) Overview (in) Collaborations (in) People (in) Achievements (in) Happenings (in) Publications (in) Contact (in) Us (in) Admissions (in) Undergraduate (in) Graduate (in) SUTD Academy (in) CET (in) 42 Singapore (in) Education (in) Unique Academic Structure (in) Pillars, Programmes and",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg_SHARP_About.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "In Singapore University of Technology and Design (SUTD) (in) SUTD Duke NUS Special Track (in) SUTD (in) About (in) Overview (in) Collaborations (in) People (in) Achievements (in) Happenings (in) Publications (in) Contact (in) Us (in) Admissions (in) Undergraduate (in) Graduate (in) SUTD Academy (in) CET (in) 42 Singapore (in) Education (in) Unique Academic Structure (in) Pillars, Programmes and",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg_SUTD_Duke_NUS_FAQs.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "In Singapore University of Technology and Design (SUTD) (in) Giving To SUTD (in) SUTD (in) About (in) Overview (in) Collaborations (in) People (in) Achievements (in) Happenings (in) Publications (in) Contact (in) Us (in) Admissions (in) Undergraduate (in) Graduate (in) SUTD Academy (in) CET (in) 42 Singapore (in) Education (in) Unique Academic Structure (in) Pillars, Programmes and",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg_Giving_SUTD_Campus_in_Bloom.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p>	<p>-List up to two referees and their contact details. "Can polytechnic diploma students apply?"	"Yes, polytechnic diploma students are eligible to apply for admission to the Singapore University of Technology & Design (SUTD). SUTD has a strong partnership with the Singapore Institute of Technology (SIT), which is the parent body for all polytechnics in Singapore. SUTD offers specialized programs that cater to students who have completed their polytechnic diplomas, providing them with the necessary skills and knowledge to excel in their chosen fields. SUTD also offers scholarships and financial aid options to support students who may require financial assistance."	<p>"sources": [</p> <p>"page_content": "are applying for admission to SUTD's undergraduate degree programme (in)have outstanding Singapore Cambridge GCE A Level, Local Polytechnic Diploma, NUS High School Diploma, IB Diploma or Year 12 equivalent qualifications (in)to have a passion for technology and design (in) As a special concession, the Scholarship may also be awarded to Singapore Permanent Residents or International Students who have demonstrated exceptional and outstanding achievements (in BENEFITS OF",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg/Admissions_Undergraduate_Scholarship_SUTD_Undergraduate_Merit_Scholarship.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "In Singapore University of Technology and Design (SUTD) (in) Educational Technology (in) SUTD (in) About (in) Overview (in) Collaborations (in) People (in) Achievements (in) Happenings (in) Publications (in) Contact (in) Us (in) Admissions (in) Undergraduate (in) Graduate (in) SUTD Academy (in) CET (in) 42 Singapore (in) Education (in) Unique Academic Structure (in) Pillars, Programmes and",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg_educational_technology_Learning_Solutions_and_Applications_Plugamix_Tool.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "Beyond the control of SUTD (in) ELIGIBILITY (in) The Scholarship is open to (in) a) Singapore Citizens who (in) are applying for admission to SUTD's undergraduate degree programme (in) have outstanding Singapore Cambridge GCE A Level, Local Polytechnic Diploma, NUS High School Diploma, IB Diploma or Year 12 equivalent qualifications (in) have a passion for technology and design (in) As a special concession, the",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg/Admissions_Undergraduate_Scholarship_SUTD_Globel_Distinguished_Scholarship.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "In Singapore University of Technology and Design (SUTD) (in) SUTD Hours And Research Programme (SHARP) (in) SUTD (in) About (in) Overview (in) Collaborations (in) People (in) Achievements (in) Happenings (in) Publications (in) Contact (in) Us (in) Admissions (in) Undergraduate (in) Graduate (in) SUTD Academy (in) CET (in) 42 Singapore (in) Education (in) Unique Academic Structure (in) Pillars, Programmes and",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg_SHARP_Programme_Structure_Research.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p> <p>"page_content": "In Singapore University of Technology and Design (SUTD) (in) SUTD Duke NUS Special Track (in) SUTD (in) About (in) Overview (in) Collaborations (in) People (in) Achievements (in) Happenings (in) Publications (in) Contact (in) Us (in) Admissions (in) Undergraduate (in) Graduate (in) SUTD Academy (in) CET (in) 42 Singapore (in) Education (in) Unique Academic Structure (in) Pillars, Programmes and",</p> <p>"metadata": {</p> <p>"source":</p> <p>"https://www.sutd.edu.sg_SUTD_Duke_NUS_FAQs.html"</p> <p>},</p> <p>"type": "Document"</p> <p>],</p>	<p>-If you are currently in your final semester, you can apply by submitting results from your first five semesters and upload your final transcript when they are available.</p> <p>-Generally, diplomas from the School of Engineering, Information Technology, Architecture or Sciences are considered more relevant to SUTD's courses and are considered more favourably for admission. However, other diplomas may still be considered on a case-by-case basis.</p> <p>-More than just your GPA, we consider how you performed in the relevant subjects, e.g. Engineering/Computing/Mathematics. Your grades in the advanced modules will also be considered favourably.</p> <p>-You should also possess a good pass in your Additional Mathematics and Science subjects, i.e. Physics or Chemistry, in the O-Level or equivalent qualification.</p> <p>-Please note that SAT and AP scores are optional.</p>	<p>Accuracy: 2/5 Relevance: 2/5 Grounded in retrieved context: 2/5</p>	<p>Accuracy: 2/5 Relevance: 2/5 Grounded in retrieved context: 2/5</p>	<p>Accuracy: 2/5 Relevance: 2/5 Grounded in retrieved context: 2/5</p>

Do I need SAT score?	<p>"As an ambassador for the Singapore University of Technology & Design (SUTD), I would like to inform prospective students that while SAT scores are not a requirement for admission to SUTD, they are highly recommended for students who wish to be considered for scholarships or for students who come from countries where English may not be the primary language. SAT scores can also be used to fulfill the English language proficiency requirement for admission. However, students who do not submit SAT scores will still be considered for admission, and they may be required to take an English language proficiency test as part of the admission process. In addition to SAT scores, applicants are required to submit other application materials, such as transcripts, letters of recommendation, and a personal statement. The admissions committee will review all application materials holistically to determine whether the applicant is a good fit for the university. Overall, while SAT scores are not a requirement for admission to SUTD, they can be beneficial for students who wish to be considered for scholarships or who may need to fulfill the English language proficiency requirement."</p>	<p>"sources": [{ "page_content": "to students holding high school results issued and/or certificates issued and verified by your current high school. How many PhD students does SUTD have?	<p>"As an ambassador for SUTD, I am happy to answer your query about the number of PhD students at our university. In/At SUTD, we have a strong focus on research and innovation, and as such, we offer a range of research programmes at the doctoral level. Our PhD programme is highly competitive and selective, and we are proud to have a diverse and talented cohort of students from around the world. Unfortunately, I am unable to provide you with an exact number of PhD students at SUTD, as our student body is constantly evolving and we do not publicly disclose this information. However, I can tell you that our PhD programme is highly regarded and well-respected within the academic community, and we have a strong track record of producing world-class researchers and scholars. In/If you are interested in pursuing a PhD at SUTD, I would encourage you to explore our website and learn more about our research areas, faculty, and application process. We are always happy to answer any questions you may have and provide guidance on the next steps towards becoming a member of our academic community."</p>	<p>"sources": [{ "page_content": "SUTD's Third Batch of Graduates. "How much are the tuition fees for international students?"	<p>"As an ambassador for the Singapore University of Technology & Design (SUTD), I would be happy to provide you with information on the tuition fees for international students. The tuition fees for international students at SUTD vary depending on the programme and level of study. For example, the tuition fees for undergraduate students range from SGD 18,000 to SGD 24,000 per year, while the tuition fees for graduate students range from SGD 24,000 to SGD 30,000 per year. It's important to note that these fees do not cover other expenses such as accommodation, transportation, and living expenses. International students are also required to have sufficient funds to cover these expenses during their studies at SUTD. In addition, SUTD offers a range of scholarships and financial aid options for international students to help offset the cost of tuition and other expenses. These include merit-based scholarships, need-based financial aid, and government-funded scholarships. Overall, the tuition fees for international students at SUTD are competitive."</p>	<p>"sources": [{ "page_content": "tuition fees for international students", "source": "https://www.sutd.edu.sg/sharp_faqs.html", "type": "Document" }, { "page_content": "scholarships open for application. How can I apply for a scholarship if I am not offered one at admission?"	<p>"Dear prospective student, I'm Thank you for considering the Singapore University of Technology & Design (SUTD) for your academic pursuits. We are thrilled that you are interested in joining our vibrant and diverse community of students in SUTD. We believe in providing opportunities for students who have demonstrated exceptional academic achievement and potential. Our scholarships are highly competitive and are awarded to students who have excelled in their studies and have shown a strong commitment to their chosen field of study. If you are not offered a scholarship at the time of admission, do not worry as there are still other ways to fund your education at SUTD. One option is to apply for external scholarships and grants that are available from various organizations and foundations. These scholarships may have different criteria and requirements, so it is important to research and explore the options available to you. Another option is to seek financial assistance from your family or other sources. Many students also choose to take up part-time jobs or internships to supplement their financial needs. We encourage you to explore all available options and to apply to SUTD regardless of whether you receive a scholarship or not."</p>	<pre>"sources": [{ "page_content": "scholarships open for application. Do SUTD students all graduate with a single degree?	<p>"As an ambassador for SUTD, I can confidently say that all SUTD students do not graduate with a single degree. SUTD offers a wide range of undergraduate and graduate programs across various disciplines, including engineering, architecture, design, and business. Students can choose to specialize in one particular area or take a more interdisciplinary approach by combining multiple areas of interest. In SUTD's interdisciplinary approach allows students to develop a unique skill set that combines technical knowledge with creative thinking. This approach prepares students for the challenges of the modern workplace, where problem-solving skills and the ability to work across disciplines are highly valued. In addition, SUTD's curriculum is designed to be flexible and adaptable to changing industry needs. This means that students can tailor their studies to align with their career goals and interests, whether they are in the fields of technology, design, or business. Overall, SUTD's diverse range of programs and interdisciplinary approach provide students with the opportunity to develop a well-rounded education that prepares them for success in their chosen careers."</p>	<pre>"sources": [{ "page_content": "and technology into a transdisciplinary, human-centric curriculum. "How are students accessed in SUTD?"	<p>"At SUTD, we believe in a holistic approach to education, where we assess students not just on their academic performance, but also on their creativity, innovation, and problem-solving skills. Our assessment methods are designed to challenge students to think critically and to apply their knowledge in real-world scenarios. Some of the key assessment methods at SUTD include the design project, mid-term review, and extracurricular activities. The design project requires students to work in teams to develop innovative solutions to real-world problems, while the mid-term review provides students with feedback on their progress and an opportunity to discuss any challenges they may be facing with their professors. SUTD also places a strong emphasis on extracurricular activities, which are an important part of a well-rounded education and help to develop students' communication, collaboration, and leadership abilities."</p>	<pre> "sources": [{ "page_content": "is an onerous task and involves a great deal of planning, time and effort. SUTD's unique academic structure and pedagogy emphasises this even more. In addition, designing and developing curriculum, assessment and teaching may need several iterations to be perfect. In While curriculum teams offer help in curriculum development and implementation, additional support from pedagogical point of view, for instance, in terms of curriculum mapping, technology-enabled / student-centered learning methods, and outcome-based" "metadata": { "source": "https://www.sutd.edu.sg/learningsciences_Teaching_Consultations.html" } "type": "Document" } { "page_content": "worried that my grades won't make the cut and that I don't get a place at SUTD (i don't worry) At SUTD, we have a holistic assessment of all our students. "Must I stay in hostel for my Freshmore term, and must I really pay for it?"	<p>"As a university ambassador, I would like to assure you that there is no compulsion for you to stay in the hostel during your Freshmore term. However, staying in the hostel can be a great opportunity for you to fully immerse yourself in the university experience and make new friends. The hostel provides a comfortable and convenient living space for students who prefer not to commute from home to campus every day. It also offers various facilities such as study rooms, recreational areas, and 24/7 security, which can help you balance your academic and personal life. In mitigating the cost of staying in the hostel, it depends on the type of accommodation you choose. The university offers different hostel options, ranging from shared rooms to single rooms, and the cost varies accordingly. You can check the university's website or contact the hostel office for more information on the accommodation options and their respective costs. Invol if you prefer to live off-campus, there are many affordable housing options near the university, and you can easily commute to campus using public transportation. However, off-campus living may not provide the same immersive university experience as staying in the hostel."</p>	<pre> "sources": [{ "page_content": "to put on our thinking caps to come up with ideas and concepts, and just work everything out with that small budget. "Is there financial aid for hostel?"	<p>"As an ambassador for the Singapore University of Technology & Design (SUTD), I can confirm that the university offers financial aid for hostel accommodation to eligible students. The financial aid is available in the form of scholarships and bursaries, which are awarded based on academic performance and financial need. Students who are interested in applying for financial aid can do so through the university's financial aid office. To be eligible for the financial aid, students must meet certain criteria, such as being a Singaporean citizen or permanent resident, demonstrating financial need, and maintaining a good academic record. It is important to note that the availability and amount of financial aid may vary from year to year, so it is advisable for students to check with the university's financial aid office for the latest information. In addition to financial aid, SUTD also offers a range of other support services to help students with their studies and well-being, such as academic advising, career counselling, and mental health support. Overall, SUTD is committed to making higher education accessible and affordable for all students, and we encourage any interested students to explore the various financial aid and support services available at the university."</p>	<pre>{ "sources": [{ "page_content": "Feb 2020 In The Singapore University of Technology and Design (SUTD) will be extending a Community Grant to its students who are non-scholarship and financial aid recipients to help defray the cost of an SUTD education, starting this academic year. <p>"What are the key differences between Summer and other overseas programmes? Why should I even consider Summer?"</p>	<p>"As a university ambassador for the Singapore University of Technology & Design, I would like to highlight the key differences between our Summer programme and other overseas programmes. Firstly, our Summer programme is specifically designed for students who wish to gain exposure to the university's academic and cultural environment. This means that students will have the opportunity to take courses that are taught by our esteemed faculty, and experience life on campus. Secondly, our Summer programme is a great way for students to get a taste of what it's like to study at SUTD. This can be especially beneficial for students who are considering applying to our university but are unsure if it's the right fit for them. Thirdly, our Summer programme offers a unique opportunity for students to network with other students and faculty members from around the world. This can be incredibly valuable for students who are looking to expand their professional and personal networks. Lastly, our Summer programme is an affordable and accessible way for students to gain international experience. Unlike other overseas programmes, our Summer programme does not require students to pay for tuition or accommodation, making it a more feasible option for students who want".</p>	<pre>"sources": [{ "page_content": "Refer to the list of Partner Universities below for summer overseas internship opportunities. <p>"What are the subsidies available for us to participate in the Summer & GLP programmes?"</p>	<p>"As a university ambassador, I can provide information on the subsidies available for students to participate in the Summer & GLP programmes at the Singapore University of Technology & Design (SUTD). SUTD offers a range of scholarships and financial aid to support students who wish to participate in these programmes. These include the SUTD Scholarships, Ministry of Education (MOE) Scholarships, Student Loan Scheme (SLS), and financial aid. Additionally, the Ensign InfoSecurity - SUTD Scholarship is available for students with demonstrated financial need. It is important to note that SUTD adopts a cohort-based fixed fee model for tuition fees, and students are required to pay the tuition fees for their cohort intake throughout their normal candidature."</p>	<pre> "sources": [{ "page_content": "of SUTD students admitted will receive some form of financial support."in 1 Current overseas opportunities include Global Leadership Programme, partially sponsored and self-paid summer programmes, summer research programmes, global exchange programmes, internships, short-term overseas exchanges and immersion opportunities.in 2waBefore the enhancement, the SEOG provided a fixed grant quantum of \$4,000 per academic year to be used towards offsetting the tuition fees for Singapore Citizens with monthly household per capita income".
